

## Samaritan Is Here for You

When you are wounded inside or struggling through difficult circumstances, you may feel overwhelmed and powerless. Whether you're suffering from the effects of stress, unresolved trauma, an unhealthy relationship, or a mental disorder, *hope, healing and change* are within your reach at Samaritan.

Counseling saved my marriage. What I received at Samaritan is beyond what I'd found with other counselors.  
— Rebecca

Through compassionate counseling, your therapist will help you overcome the pain that is holding you back from enjoying your life.

## An Unsurpassed Level of Care

### Our Approach

Samaritan welcomes all people, without discriminating on any basis, including inability to pay. Our therapists specialize in working with adults, children, teens, couples, and families. They are

state-licensed, skilled in multiple treatment methods, and use the best available practices in the mental health field.

When you meet with your Samaritan therapist, you'll be in the care of someone who is inherently compassionate and committed to helping you succeed; someone who will listen to you without judgment, and design a holistic treatment plan for the unique individual that you are.

Samaritan offers **spiritually-integrated** therapy which leads to greater satisfaction with your treatment. This means that if you desire to integrate your faith beliefs into your counseling, your therapist will make them an integral part of your clinical care *within the context of your beliefs*. Your therapist will not attempt to impose his or her own faith beliefs or any other religious doctrines into your treatment.

I thought I was at a point where nothing could be done for me. But at Samaritan I found peace and got control of my life. Samaritan helps us get our lives back together when we're at our lowest point.  
— Mindy M.

### Affordability

We accept most major health insurances. If you are uninsured, under-insured, or otherwise qualified, we can help subsidize your fees through our **Samaritan Cares** fund.

### Flexibility and Privacy

We provide **in-person therapy** at multiple sites in Western Pennsylvania. If you are a state resident, you can choose to receive **teletherapy** regardless of where you live in Pennsylvania.

Whether we serve you online or in-person, we comply with HIPAA privacy laws and any current healthcare guidelines (i.e., Covid) to protect your counseling records as well as your physical health.
